AIRBOW[®] M600

Up your game with the fastest, most advanced archery weapon available! Shooting up to **600 feet per second**, the M600 generates more speed and power than a crossbow while being easier to operate. The Airbow M600 is a revolution in traditional archery equipment.

AIRBOW[®] M600

PCP Powered Airbow

- Powered by 3600 psi of compressed air
- 3 shots at 600 fps
- Free floating barrel with patent-pending stabilizing system ensures precision accuracy
- Bullpup configuration, short 33.5" overall length
- Ambidextrous top cocking bolt
- Includes three custom arrows with field tip and quiver

Model BPABM 375 gr. arrow 600 fps 300 fpe

Model BPABMX M600 Kit

- Includes three custom arrows with field tips, quiver, 6x40 mm scope, 20 MOA base, and sling

Filled to 3600 PSI and firing full sized arrows, the Airbow M600 delivers three full power shots at a blazing 600 FPS. Anyone, regardless of size or strength, can handle the Airbow M600. With no cocking rope to lose or tangle, the M600 is easily operated by an ambidextrous cocking bolt, making it especially safe for treestand use.

The Airbow M600 can be easily decocked, its accuracy is not affected by cantering and it does not require the complex maintenance of crossbows. Arrows from the Airbow M600 stabilize quickly, giving you an expanded kill range for any game animal. Simply put, the Airbow M600 enhances everything you enjoy about archery hunting while making the sport more accessible.

AIRBOW[®] 450

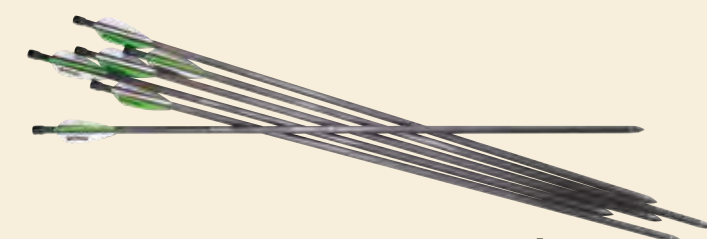

AIRBOW[®] KIT

PCP Powered Airbow

- Powered by 3000 psi of compressed air
- Integrated pressure regulator delivers 8 consistent shots at 450 fps
- Free floating barrel with patent-pending stabilizing system ensures precision accuracy

More accurate, more consistent, and of higher-quality, Benjamin Match Grade airgun pellets give hunters and target shooters the dependability you need to bullseye shot after shot. We make these domed pellets from a single-, high-quality lead wire source, ensuring material is within tolerance specifications and maintains consistency. Each pellet is shaped using the same die, keeping head size, weight, and shape identical throughout each product line. Once you dial in your shot with Benjamin Match Grade Airgun Pellets, the target is yours.

WARNING: LEAD PELLETS. CONTAINS A CHEMICAL KNOWN TO THE STATE OF CALIFORNIA TO CAUSE CANCER AND BIRTH DEFECTS (OR OTHER REPRODUCTIVE HARM). DO NOT INHALE DUST OR PUT PELLETS IN MOUTH. WASH HANDS AFTER HANDLING.
